

1 Proceed, Delegate Carson.

2 DELEGATE CARSON: I will stand corrected later
3 by Judge Sherbow. I understood it was 50. If it is some
4 other date, I will stand corrected at that time.

5 I am sure that Judge Sherbow will be correct.

6 I think that this amendment, if passed, will
7 allow us sufficient flexibility for the future, while
8 at the same time I suggest meeting all the objections that
9 have been raised here to the amendment that was just de-
10 feated, and retain at the present time the 90 plus 30 plus
11 30, but will permit our grandchildren and our great grand-
12 children, if times then are correct, to have a full time
13 legislature or a legislature which might meet for a
14 base session of 150 days, whatever is applicable at that
15 time in history, which I suggest none of us can foresee
16 at this time.

17 THE CHAIRMAN: Now, Delegate Sherbow, do you
18 desire to speak in opposition here?

19 DELEGATE SHERBOW: No, I do not, sir. I just
20 wanted to correct the statement.

21 THE CHAIRMAN: You may do so now.
